ERASE THE FIRST OBSTACLE
TO LEARNING CHILDREN:
COMING TO SCHOOL

HUNGRY

Join us for a healthy breakfast with local and state experts who will present ideas on how to implement a successful breakfast program. Children need to get their energy and nutrients to perform at their best in the classroom. This program could help to improve:

- Academic performance
 - Attendance
 - Behavior

The Summit will provide information to assist schools with creating an environment where students get a healthy start and are ready to learn. The added bonus could even be **INCREASED CAFETERIA REVENUES!**

The American Dairy Association is sponsoring a \$1000 Wellness Grant!!! Districts with a team of 3 stakeholders (superintendent, principal, business administrator, nurse, school nutrition director, teacher, parent coordinator) attending the breakfast will be automatically entered into a drawing with a chance to win.

No cost for attending/ Please Register by October 25, 2011
